Room Calibration Kit (RCK) Bluesound

Merk: Bluesound
Model: DAL511925

45,00€

SCAN OM TE BESTELLEN

OMSCHRIJVING

High-performance omni-directional microphone
Designed and approved for Dirac Live measurements
Plug & Play compatibility with all Bluesound Dirac Live Ready products
Driverless operation for Windows and macOS
Sensitive to full audible range (20 Hz to 20 kHz)

High-performance omni-directional microphone
The omni-directional microphone captures accurate sound measurements from around the room and across the full spectrum of audible frequencies.

Designed and approved for Dirac Live measurements
Certified by Dirac, the Room Calibration Kit delivers precise and reliable calibration results when used with Dirac Live software.

Plug & Play compatibility with all Bluesound Dirac Live Ready products
Simply connect the Room Calibration Kit to the USB A port of any Bluesound product that is Dirac Live Ready. With its plug & play design, a correction file is loaded automatically, allowing you to start the room calibration process instantly using the Dirac Live software.
